

CONGRESS.

WEDNESDAY, DECEMBER 29.
Senate.

The President *pro tem.* laid before the Senate, papers from the Secretary of the Interior, conveying information called for sometime since, by a resolution introduced by Mr. WELLS, of California, respecting the manner in which the appropriations for the Mexican Boundary Commission had been expended.

On motion of Mr. WELLS the papers were referred to the Committee on Printing, for them to decide what portion of the papers should be printed.

Memorials and Petitions.

Several memorials and petitions were presented;

By Mr. GWINN, memorial from Eliza Rimes, asking extra compensation for services; referred to Committee on Naval Affairs.

By Mr. DAVIS, memorial from citizens of Massachusetts, in favor of the passage of the French Spoliation Bill; laid on the table.

By Mr. SUMNER, Peace memorials, referred to Committee on Foreign Affairs.

Joint Resolution.

Mr. DAVIS, from the Committee on Commerce, introduced a joint resolution to extend the time, not exceeding ninety days, at which the law of last session in relation to steamboats is to go into effect, to enable the owners of steamboats in certain cases to prepare themselves to conform to the law.

After a short explanation by Mr. DAVIS, in which he urged immediate action, the bill was read three times and passed.

On motion of Mr. BORLAND, the Senate took up and considered the House Bill, giving the Superintendent the power to employ two clerks. Passed.

Mr. WELLS presented a memorial from the citizens of California, asking a change in the law in relation to requiring the collector to receive ingots of gold at a certain price; referred to Committee on Finance.

On motion of Mr. SHIELDS the Senate took up, and considered, the House Bill, entitled, "an act for the construction of a Road in the Oregon Territory." Passed.

Several Private Bills were then passed.

On motion of Mr. WALKER, the Senate then took up and considered a Bill to incorporate the Pioneer Manufactory Company, of Georgetown, D. C. Passed.

The Senate adjourned at half-past two o'clock.

House of Representatives.

Seeking a Quorum.

Before the Journal was read Mr. RICHARDSON moved that there be a call of the House, as there was evidently not a quorum present, as required by the rules before the reading of the Journal.

The SPEAKER said it was sufficient if a quorum appeared to be present.

After some further remarks the call was ordered, when 129 members were found to be present.

A New Member.

Mr. FRANCIS B. FAY was elected a representative of the State of Massachusetts, in place of Hon. ROBERT RANTOUL, Jr., deceased. Approved, qualified and took his seat.

Reporting Unspoken Speeches.

Mr. STANLEY offered a resolution prohibiting the reporters for the Daily Globe from reporting, as a part of the proceedings of the House, anything which does not take place in the House. He referred to a speech of four columns, published in the Globe proceedings, not one word of which was heard upon that floor.

Mr. SMART explained that he had caused the speech in question to be published, because he could get no opportunity to deliver it, and it was very important that he should have a hearing. He had done nothing more than other members were in the habit of doing, and he was ready to stand by every word he had said or written. He recapitulated some of the sentiments of his speech, which had reference to the seizure of the barque "Georgiana" and the brig "Susan Loud."

Mr. STANLEY said he was not to be driven from the issue which he had made. The gentleman was mistaken in considering it a common practice for members to publish speeches which were not delivered. The gentleman from Maine had done great injustice to the administration, in this proceeding, by making charges against it without giving any opportunity for a reply to them.

Mr. RICHARDSON thought it was a good practice for members to give notice of their speeches and file them with the reporters. They would thus save the House the infliction of hearing them, and the country the expense of paying for them.

Mr. STEVENS was opposed to the resolution, and preferred to leave the subject to

the discretion of the reporters.

Mr. FREEMAN moved an amendment that he rules of the House shall not be so construed as to admit of the discussion of political or other questions which are not the legitimate subjects of legislation before that body.

The Chair decided that the amendment was out of order.

Mr. JONES of Tennessee, said that speeches of the character referred to were made in Committee of the Whole on the state of the Union, when anything which pertained to the interest of the country might properly be referred to.

After some further debate

Mr. SWERTZER moved to lay the whole subject on the table upon which the yeas and nays were ordered and taken, which was lost.

The House then proceeded to the consideration of the resolution of Mr. HARRIS, but found themselves without a quorum and at an early hour the House adjourned.

"I Want to be an Angel."

A child sat in the door of a cottage at the close of a summer Sabbath. The twilight was fading, and as the shades of evening darkened, one after another of the stars shone in the sky, and looked down on the child in his thoughtful mood. He was looking up at the stars and counting them as they came, till there were too many to be counted, and his eyes wandered all over the Heavens, watching the bright world above. He was so absorbed, that his mother called to him and said:

"My son, what are you thinking of?"

He started as he is suddenly aroused from sleep, and answered,

"I was thinking—"

"Yes," said his mother, "I know you were thinking, but what were you thinking about?"

"Oh," said he, and his little eyes sparkled with the thought, "I want to be an angel."

"And why, my son, would you be an angel?"

"Heaven is up there, is it not mother? and there the angels live, and God, and are happy; I do wish I was good and God would take me there, and let me wait on him forever."

The mother called him to her knee, and he leaned on her bosom and wept. She wept, too, and smoothed the soft hair of his head as he stood there, and kissed his forehead, and then told him that if he would give his heart to God, now while he was young, and take him up to heaven when he died, and then he would be with God forever.

His young heart was comforted. He knelt at his mother's side and said:

"Jesus Saviour, Son of God,

Wash me with thy precious blood;

I thy little lamb would be,

Help me, Lord, to look to thee."

The mother took the young child to her chamber, and soon he was asleep, dreaming, perhaps, of angels and of heaven.

A few months afterwards sickness was on him, and the light of that cottage, and the joy of that mother's heart went out. He breathed his last in her arms, and as he took her parting kiss, he whispered in her ear:

"I am going to be an angel."

Little reader do you not wish to be angel?

Prof. Reynolds, who once taught the B— Academy, was the most absent minded man about every day affairs, I ever saw. His mind was all wrapped up with books, and he cared no more about what the world was up to, than a pig cares about the Hottentots. One morning his wife, who, by the way, differed vastly from her spouse in this respect, was reading aloud from the paper an account of a horrible murder. A man had, so the paper said, deliberately killed his whole family—consisting of some dozen members—with an axe. Mrs. Reynolds laid down the paper with the exclamation, "What a wretch!" "Yes," said the husband, in a very quiet tone, looking up from his book, "he should be talked to."

A gentleman of this city, says the Boston Traveller, has a favorite parlor dog, who has long manifested a decided taste for music, uniformly taking up his position near the piano whenever it is played, and evincing unusual interest in the performance. A few days since, as the gentleman informs us, his wife, while sitting in an adjoining room, was surprised to hear, as she supposed, some person fumbling at the piano in a singularly awkward manner. On examining the cause of the disturbance, she found the dog, seized by an impulse of imitation, standing upon his hind feet, and actually engaged in attempting to play upon the instrument. That is a wonderful dog, and no doubt, with proper training may become a musical prodigy.

Schools are now in active operation in almost every district in the State of Wisconsin.

Test Case: *vs.* Live Fox.—It would be unwise in us to call that man wretched who, whatever he suffers as to pain inflicted, or pleasure denied, has a child for whom he hopes, and on whom he dotes. Poverty may grind him to the dust; obscurity may cast its darkest mantle over him; the song of the gay may be far from his own dwelling; his face may be unknown to his neighbors, and his voice may be unheeded by those among whom he dwells—even pain may rack his joints, and sleep may flee from his pillow; yet has he a gem with which he would not part for wealth, defying computation, for fame filling a world's ear, for the luxury of the highest wealth, or for the sweetest sleep that ever sat upon a mortal's eye.—*Coleridge.*

Human happiness has no perfect security but freedom—freedom none but virtue—virtue none but knowledge; and neither freedom nor virtue nor knowledge has any vigor or immortal hope, except in the principles of the Christian Faith and in the sanction of the Christian Religion.

True charity consists in giving people work, not money. The latter makes people dependent—the former independent.

EMBROIDERIES, KID GLOVES, and Hosiery, such as Chemises, Collars, Under Sleeves, Pocket Handkerchiefs, Muslin and Cambric Bands, Edgings and Insertings, white and black Silk Hosiery, white, black, and colored Merino, and Cotton Hosiery, Kid, Silk, Cashmere, and Thread Cotton, with a general assortment of misses' and children's Hosiery and Gloves, may be found by calling at the new Dry Good Store of

BREAD AND MEAT.—EAT AND SLEEP.

L. W. WORTHINGTON keeps on D street, THREE doors east of 10th street, a Temperance House where permanent and transient persons can be accommodated with board and lodging. Vacant rooms now on hand.
dec 21—2w

DR. JOHNSTON PROCLAIMS TO THE AFFLICTED that he has discovered the most certain, speedy and efficacious plan of treating
SECRET DISEASES

that have ever yet been presented to the world. By his plan, founded on observation made in the Hospitals of Europe and America, he will insure
A CURE IN TWO DAYS,
OR NO CHARGE.

No Mercury or Nauseous Drugs used.
Weakness, Loss of Organic Powers, Pains in the Loins, Discharge of the Kidneys, Affections of the Head, Throat, Nose and Skin, Constitutional Debility, and all those horrid affections arising from a Certain Secret Habit of Youth, that solitary practice, more fatal to its victims than the song of the Sirens to the mariners of Ulysses—blighting their most brilliant hopes or anticipations, rendering Marriage, etc., impossible.
A CURE WARRANTED, OR NO CHARGE.

Young Men especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of young men of the most exalted talents and brilliant intellect, who might otherwise have entered the listening Senate with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

MARRIAGE.
Married persons, or those contemplating marriage, being aware of physical weakness, should immediately consult Dr. J., and be restored to perfect health.
Office, No. 7 South Frederick street, Baltimore, Maryland, on the left hand side, going from Baltimore street, seven doors from the corner. Be particular in observing the name and number, or you will mistake the place.

DR. JOHNSTON,
Member of the Royal College of Surgeons, London. Graduate from one of the most eminent Colleges of the United States, and the greater part of whose life has been spent in the Hospitals of London, Paris, Philadelphia, and elsewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when asleep, great nervousness, being alarmed at sudden sounds, and bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

TABLE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by private and improper indulgences, that secret and solitary habit, which ruin both body and mind, unfitting them for either business or society.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dizziness of Sight, Loss of Muscular Power, Palpitation of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c., &c.

Mentally.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion of Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

NERVOUS DEBILITY.
Weakness of the system, Nervous Debility and premature decay generally arise from the destructive habit of youth, that solitary practice fatal to the healthful existence of men, and it is the young who are most apt to become its victims, from an ignorance of the dangers to which they subject themselves. Parents and Guardians are often misled with respect to the cause or source of disease in their sons and wards. Alas! how often do they ascribe to other causes the wasting of the frame, Palpitation of the Heart, Dyspepsia, Indigestion, derangement of the Nervous System, Cough, and Symptoms of Consumption; also those serious Mental effects, such as Loss of Memory, Depression of Spirits, or peculiar fits of Melancholy, when the truth is, they have been caused by indulging in Permissible but alluring practices, destructive to both Body and Mind. Thus are swept from existence thousands who might have been of use to their Country, a pleasure to their friends, and ornaments to Society.

DR. JOHNSTON'S INVIGORATING REMEDY FOR ORGANIC WEAKNESS.

This grand and important Remedy has restored strength and vigor to thousands of the most debilitated individuals, many of whom had lost all hopes, and been abandoned to die. By its complete invigoration of the Nervous System, the whole faculties become restored to their proper power and functions, and the fallen fabric of life is raised up to beauty, consistency and duration, upon the ruins of an emaciated and premature decline, to sound and pristine health. Oh, how happy have hundreds of misguided youths been made, who have been suddenly restored to health from the devastations of those terrific maladies which result from indiscretion! Such persons, before contemplating

MARRIAGE,
should reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without this, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another becomes blighted with our own. Let no false delicacy prevent you, but apply immediately. He who places himself under the care of Dr. Johnston may religiously confide in the care of Dr. Johnston, and confidently rely upon his skill as a Physician.

TO STRANGERS.
The many thousands cured at this institution within the last ten years, and the numerous important Surgical Operations performed by Dr. J. witnessed by the Reports of the Press, and many other persons, notices of which have appeared in the public, is a sufficient guarantee that the afflicted will find a skilful and honorable physician.

GAUTIER'S HERB CANDY, FOR Coughs, Colds, Bronchitis, Asthma, &c.—This invaluable Candy has been prepared at the suggestion of one of our most eminent physicians, and has the extraordinary property of immediately relieving coughs, colds, hoarseness, difficulty of breathing, bronchitis, asthma, and weakness of the throat. It operates by dissolving the congested phlegm, consequently causing a free expectoration.
Those who are troubled with that unpleasant tickling in the throat which deprives them of rest night after night by the incessant cough which it provokes, will, by using this candy, find immediate relief.
This Candy is composed of six simple ingredients, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would derive many from resorting to them; but when made into candy become palatable without losing any of their valuable medicinal properties.
The subscriber, in presenting this candy to public notice, wishes it to be expressly understood that he does not claim for it any miraculous curing properties, nor does he present it with a long string of certificates of recommendations, although he might do so, as numerous have been tendered him by those who have benefited great benefit from its use, but he prefers that the true merits of the Candy should be its own commendation.
The Medical Faculty of this city have been pleased to give it a very favorable notice, and invariably recommend it to their patients as one of the best articles of the kind.
Price 12½ cents per stick.
Prepared, and for sale, wholesale and retail, by
C. GAUTIER,
La Ville De Paris,

GREAT MEDICAL DISCOVERY!
WITH such testimony, no stronger proof can be given, unless it be the trial of this wonderful Hampton's Vegetable Tincture.
Let the afflicted read! read!
BARRILLVILLE, ALLEGANY COUNTY, (Md.),
May 4, 1862.

To Messrs. Mortimer & Mowbray:—
DEAR SIR: In justice to Dr. Hampton's Vegetable Tincture, I wish to inform you that I was taken sick on the 3d day of January last, with an affection of the stomach, bowels, and kidneys. I was attended by four eminent physicians for more than two months—altogether to no effect. I had some knowledge of the great virtue in Hampton's Tincture from one bottle which my wife had taken two years since.
I came to the conclusion that I would take no more medicine from my physicians, but try the Tincture, and I am happy to inform you that I had not taken it two days before I felt its powerful influence upon my stomach. I have continued using the Tincture, and am now able to leave my room, and eat any common diet without much inconvenience or pressure on my stomach.
The afflicted or their friends are daily visiting me, to learn of the great virtue therein in this Tincture of Hampton's.
I expect to send you several certificates in a few days, one especially from a young lady who has been confined to her room twelve months, with a disease of the head, affecting the brain.
Respectfully yours,
E. W. HALL.

On the permanency of the cure hear him. Still another letter from the above!
BARRILLVILLE, ALLEGANY COUNTY, (Md.),
October 13, 1862.

Messrs. Mortimer & Mowbray:—
DEAR SIR: I am happy to inform you that this day finds me in the enjoyment of good health, by the use of your Hampton's Tincture and the blessing of God. I am enabled to pursue my daily avocations as usual, and I have a great desire that the afflicted should know the great curative powers of the Tincture.
I am with respect, yours,
E. W. HALL.

THE ALMOST MIRACULOUS CURES made by Hampton's Vegetable Tincture on our most respectable citizens—men well known and tried—we challenge the world to show anything on record in medicine to equal it. Many hundreds who have felt its healing powers bear the same testimony.
BALTIMORE, July 6, 1862.

Messrs. Mortimer & Mowbray:—
GENTS: Last September I was attacked with erysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was bilious pleurisy, which left me with a constant, deeply-seated, and painful cough, having no rest day or night, and instantly throwing up from my lungs a thick matter. I became much exhausted, growing weaker every day, and keeping up the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remedies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottles, my cough and pains have entirely left me, and I am enabled to attend to business. I can truly say that, with the blessing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine. Yours,
WESLEY ROCK,
Schroeder, near Saratoga street.

PORTSMOUTH, (Vt.), Aug. 15, 1861.
Mr. J. E. Boush—Dear Sir: While I am in general opposed to Patent Medicines, and/or compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family, and in dyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience extends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy.

DR. ROSE'S NERVOUS CORDIAL!

The most Valuable Preparation in Medical Science.
THE thousands who are suffering with any Nervous Affection, will find immediate relief in using this wonderful Cordial. It cures Neuralgia, Heart Disease, Palpitation, Heartburn, Nervous Head-Ache, Tremor of the Muscles or Flesh, Wakefulness, and all restlessness of the mind or body; whether worn down by care, labor, or study.
This truly wonderful Medicine, from its peculiar happy effect in allaying the most violent Nervous Affections, and completely eradicating them from the system, may be justly termed the grandest discovery in the science of medicine. It subdues and averts all those Nervous Diseases, over which the most profound medical skill has hitherto had no control. It is a grand restorer in building up a weak constitution, already worn down by disease and debilitated by other medicine; its invigorating properties act like a charm, and its beneficial effects are almost miraculous. The weak, the nervous, and those suffering with constant pains and uneasiness, are frequently cured by using a single bottle.
Price 50 cents, and to be had at the stores of
Z. D. Gilman, W. H. Gilman,
Charles Stott & Co., Samuel E. B.,
J. F. Callan, J. W. Nairn,
J. F. Callan, J. W. Nairn, Washington city, D. C.
